

The Oscar Grant Committee Against Police Brutality and State Repression

"An Injury to One Is An Injury to All" "Without Struggle There Is No Justice."

MAY DAY 2016

Labor cannot emancipate itself in the white skin where in the black it is branded.

Karl Marx, Das Kapital

The U.S. labor force has played an integral part in social justice movements throughout our history. The International Longshore and Warehouse Union (ILWU) Local 10 has been at the forefront of many monumental events including the Big Strike of 1934, the 1984 Anti-Apartheid action against South Africa, and the 2010 Oscar Grant rally and port shut down. These and other examples when the port was SHUT DOWN demonstrates the power of the organized working class.

Police terrorism in the United States is out of control. We have witnessed an endless onslaught of police brutality and police killings of innocent and unarmed people. Although Black and Latinos are disproportionately targeted, this does not mean white folks are safe. The killing of Richard "Pedie" Perez — an unarmed white man killed by Richmond police in September 2014 — reminds us that police terror is directed against the entire working class and poor people in general.

**There will be a WORK STOPPAGE AND PORT SHUT DOWN
TO STOP POLICE TERROR throughout the Bay Area on this date.**
